

Programme outcomes, programme specific outcomes and course outcomes for all programmes offered by the institution are stated and displayed in website of the institution

PO (Science, Arts and B. Voc)

The Curricula of all programmes have been designed by the affiliating university in such a way that the students of all undergraduate general degree programs at the time of graduation will be able to develop skills and abilities

1. for Critical thinking
2. for Effective communication
3. for Social Interaction
4. for Effective Citizenship
5. for Ethics
6. to understand Environment and sustainability
7. to lead Self-directed and lifelong learning

Mechanism of Communication: College takes initiatives of its own to communicate teachers and students by

1. Publishing prospectus annually giving all the academic outcomes and making available to students.
2. Uploading structure and outcome on College Website.
3. Publishing and distributing occasionally leaflet for stating programme outcomes and admission procedure.
4. The continuous monitoring of the results and scores which enables the student, parent and teacher to monitor the progress.
5. The strong initiative of IQAC to analyse whether the programme outcomes have been satisfactory or not and accordingly by suggesting remedial and corrective measures wherever necessary
6. Adopting mechanism by the authority like random interaction with students and other stakeholders, sometimes by sudden visits to the teaching departments to assess the programme outcomes.

The college of its own evolves some pragmatic mechanism to measure the attainment of POs, PSO and COs.

To measure the course outcome continuous assessment and monitoring is done by holding weekly seminars, class tests, quizzes and interactions with faculty members. The overall course outcome is reflected in the examination results of university examinations at the end of semester. The program specific outcome is measured by tracking mechanism of student progression. Each department maintains records of pass out students .viz progression to higher studies, employability and leadership quality etc. The college also evolves the mechanisms to find out slow learners and advance learners. The level of attainment of Pos, PSOs and COs are measured from examination results, student profile, awards received for different activities and social responsibilities of students. Besides these, the alumni directory maintained and updated by the college also reflects the level of attainment of PSOs and COs.

The level of attainment of PSOs and Cos are finally measured from the results of examinations declared by the affiliating University.
