Observations :

- The extent of fully covered course is only 60%, which need to be increase for enhance the quality of education.
- 15.64% of the student feels that course they have taken is difficult to understand. Hence faculty members should take measures to make the course more convenient and easy to understand for those students.
- There is an observation that during the session only 40% of the course syllabus has been covered from 90-100%, which is quite low. Hence authority should take pragmatic steps to make it atleast 80% in next session.
- 31.07 % students feel that the library holding is inadequate. Therefore, authority should immediately increase the library holding.
- Authority should take measures to make access to the library more convenient for students.
