

Waste and Organic Waste Management in Mangaldai Town by NCC

Venue: Upahupara, Mangaldai

Date: 10.06.2019 to 31.07.2019

The Mangaldai College NCC Coy (under 73 Assam Girls (I) Coy NCC, Tezpur) has played a pivotal role in spearheading effective Waste and Organic Waste Management initiatives in Upahupara Area of Mangaldai Town. Through a Swachh Bharat Summer Internship program, NCC cadets have actively engaged with the community in creating awareness about waste segregation, conducting clean-up drives, and implementing composting initiatives. The program emphasized the importance of reducing environmental impact and fostering a clean and healthy living environment. This comprehensive approach, coupled with the dedication of NCC cadets, has contributed to a cleaner and healthier environment in Mangaldai Town and also fostered a sense of community responsibility towards waste reduction and proper disposal. ANO (Dr.) Leena Saikia guided the cadets during the program. Total 20 cadets took part in the internship programme.
