Socio-Economic Survey of adopted Pakabangipara Village

Date: 01.06.2022

A socio-economic survey is done by the Mangaldai College Teachers Unit (MCTU) members of the Adopted Village Programme at the proposed village to be adopted: Pakabangipara on 1st June 2022. The survey provided valuable insights into the community's living conditions and economic landscape. The survey, undertaken by the team, comprehensively documented demographic details, income sources, educational levels, and healthcare accessibility. The findings highlighted both the strengths and challenges within the village, shedding light on areas that require targeted intervention and support. By engaging directly with the residents, the survey facilitated a better understanding of their aspirations and needs, laying the foundation for future community development initiatives. The collected data will serve as a crucial tool for formulating inclusive and sustainable programs aimed at uplifting the socio-economic stat us of Pakabangipara Village, fostering positive change and empowerment within the community. The survey was conducted by a team of five faculty members of Mangaldai College where members met the civil society of the village including the Head Man Mr. Mahendra Deka.

Proceeding of the survey meeting
