

**Report on**  
**Awareness Programme on Skill Development**  
**on 17.02.2020**

An awareness programme on Skill Development ‘**An Initiative from Assam Skill Development Mission, Govt. of Assam**’ was organised by North East Skill Centre (NESC) on 17<sup>th</sup> February 2020 at the Science Gallery of Mangaldai College. Mr. Deep Jyoti Baishya, District Head, Darrang District Skill Development and Mr. Indrajeet Saikia, Manager (North East Skill Centre) were the resource persons of the programme. The resource persons urged the students to avail maximum benefit of all the schemes offered by the government meant for empowering the youth. To transform our country into a developed nation our youth will have to become self-reliant and job creators rather than being job seekers. The students were informed about the training schemes and financial support offered by the government to the trainees and future entrepreneurs. Resource person Mr. Indrajeet Saikia has also shared the feedback data and response of those who have been benefitted by various programs launched by the central and state government. Around 26 faculties and 150 students attended the awareness program.
