

## Awareness and Public Meeting on Rejuvenation of Bega River

On the occasion of World Rivers Day, a public meeting was organized by Mangaldai College community in association with Assam Science Society, Mangaldai Branch on 25th September 2022 at the Bhupen Hazarika Udayan located at the bank of Bega river to discuss about the various issues related to polluted Bega River and measures for its rejuvenation. The meeting resulted in heightened community awareness and commitment towards restoring the health of the river ecosystem. Around 30 people participated in the event.
