Memo No.: MC/2025/

Date: 30/12/2025

ERP Software Implementation

The institution has implemented an Enterprise Resource Planning (ERP) software system to manage academic and administrative functions efficiently. The ERP platform available at <https://mangaldaicollege.samarth.edu.in/index.php/site/login> integrates key processes such as student registration, attendance, examination records, fee payment, academic records, and administrative workflows. The system ensures transparency, accuracy, and timely access to information for students, faculty, and staff. The adoption of ERP software enhances institutional management, reduces manual work, and supports digital governance in line with current educational technology standards.
