Implementation of Mandatory Internship Policy

Mangaldai College (Autonomous) has implemented a mandatory internship policy in accordance with NEP/AICTE guidelines to enhance practical exposure and industry readiness of students. The college already follows a structured internship and final project system for BCA students, where internship forms an integral part of the academic curriculum. Students are required to undergo internship training in recognized industries, IT firms, or academic institutions and submit a project report along with an internship completion certificate. The same internship policy shall be strictly implemented for the MCA programme as per AICTE norms, with internship and project work being mandatory components of the curriculum. The institution ensures proper monitoring, evaluation, and guidance through faculty coordinators to ensure effective learning outcomes and skill development.
