FRIDAY WEEKLY SEMINAR

A Friday seminar was held in the Department of Physics on 30th August 2022 as per agenda 1 of departmental activity meeting held on 27th August 2022. Since then every Friday, the department has been carrying on such presentation where students present on topics both in and out of syllabus. Such activities have helped the students in developing their communication skills, enhancing body language and better grasp of some physics related topics.
